International House Cape Town Spanish / Portuguese FEES 2009

Portuguese / Spanish Tuition

Who we are...

IH Cape Town Language Institute Pty Ltd [www.ihcapetown.com] is an affiliate school of the International House World Organisation [www.ihworld.com], an organisation that has 150+ schools in over 50 countries around the world. Founded in 1953, IH World is one of the most established groups of language schools, teaching English and other modern languages at its various schools.

How we teach...

Only the combination of theory and practice guarantees a successful language study programme. At IH Cape Town, vocabulary, skills work and conversation are integrated in a communicative and lively atmosphere. Instead of boring rote learning, we make sure that new grammar concepts are taught and practiced in authentic, communicative situations. All students will be engaged in practicing grammar, dialogues, exercises, reading, and using visual aids to promote communication from day one. We consciously create a relaxed, entertaining, and communicative atmosphere in order to enable students to speak a foreign language without inhibition. Our own lesson material is mixed with standard course books to build on what you already know, develop your conversational skills and vocabulary, or brush up on what you have forgotten. Pronunciation and orthography are also thoroughly covered.

About our teachers...

The quality of a language course is determined by the competency and approach of the instructor. We work exclusively with native speakers who are qualified teachers, in addition to having many years of teaching experience in adult education.

Language Courses

Group- Basic

This course is aimed at those students who would like to develop a basic grasp of conversation and dealing with the elementary use of the language. At this level the student has no real knowledge in the foreign language of their choice. Upon completion of the course you will be able to actively express yourself in everyday situations, such as introducing yourself, speaking about family and friends, asking for directions and other basic situations.

Group- Intermediate / Advanced

The course is aimed at those students who already have a basic grasp of the foreign language, can effectively communicate and have some theoretical knowledge of the basic structures. Upon completion of the course you will be able to actively use these structures, have attained a richer vocabulary and be able to express yourself more suitably.

Mini-Group/Company [minimum 4 students]

We also offer bespoke Portuguese/Spanish courses for individual groups or corporate clients. We will tailor the course to suit your field of business or special interest topics that you specify. These courses have become extremely popular in the hospitality and tourism sectors with a focus on the FIFA 2010 World Cup. We will put together a detailed course profile which meets your expectations and suits your level and interests.

Private Lessons

Create the study plan that best suits your needs. Working with an experienced IH teacher, you will progress at your own speed and choose what to focus on. Private Tuition is one of the most efficient methods of learning a foreign language as the pace of learning is determined by the student, with the teacher providing his/her undivided attention. These private lessons can be held at IH Cape Town, in your favourite coffee shop or at home.
